Mr. S.R. Morss,

Dear Mr. Morss,

This will acknowledge your letter postmarked September 14th which has been forwarded to me from Sackville, New Brunswick.

You report reception of CBC radio broadcasts on 1530 kcs. September 13th, 1965. I can tell you that you were probably listening to one of our French language LPRT's - CBAQ, Rogersville, New Brunswick but I cannot definitely confirm your reception since, as you know, these are unattended transmitters and although they have been assigned call letters these are never broadcast. Hence it is impossible to definitely verify your reception but you were no doubt listening to our "All Night Radio Service" which consists of recorded music originating from our Ottawa studios.

I would like to take this opportunity to thank you for your detailed reception report and I hope you will be able to receive CBC programming again at some future time.

Yours very truly,

Peter MacGillivray
